The healthy choice for your pets!

Not only does spaying and neutering help keep animals out of crowded shelters, it also benefits your pet’s mental and physical well-being, allowing them to live longer, healthier lives.

- for females, it reduces risk of breast cancer, eliminates risk of uterine and ovarian cancer
- for males, it eliminates the risk of testicular cancer and reduces risk of prostate cancer
- helps animals behave more calmly and more affectionately
- results in less marking and territorial behavior
- reduces roaming and fighting
- helps control the animal population
- helps reduce the number of strays

NORTH BAY ANIMAL SERVICES provides a low-cost spay/neuter alternative to help you care for your pet and our community. Please join us in our mission to provide the best outcome for Petaluma’s animals!
